REGISTRATION POLICY

Registration Requirements

Football Federation of Australia, (FFA), requires that players be registered with a Club prior to playing in a Football West / FFA competition. The Club requires that players be financial members of the Club prior to playing in the competition.

Registration Process

The Registration Process will be in accordance with the published Football West / FFA requirements for that season. Payment of Fees together with the provision of ALL Required Documentation as determined by Football West and the Club is required from ALL Players before the registration can be completed. Registration information for the current season will be published by the Club prior to the Registration Dates.

Registration Timing

Registration dates and times will be published on the Club website and other locations as decided by the Committee.

Registration Priority and Acceptance

Registrations from Returning Players will have priority over new registrations until the date determined by the Committee. After the Returning Players close off date, the Open Registration period will apply to both new players and returning players that have not as yet registered. Registrations from new players received prior to the Open Registration Period will be waitlisted pending the availability of places.

The Club reserves the right to refuse Registration to any Player:

- if the Player is un-financial or partly un-financial from a previous season
- if the Player and/or the Parent have previously demonstrated failure to comply with the Codes of Behaviour published on the Club web site.
- Any other reason as agreed by the Committee

The decision of the Committee to reject a registration may be appealed in writing within 7 days following Player notification.

Waitlisted Registrations

Waitlisted players will be allocated in order of the date in which registration paperwork is received. If the Club is unable to find a place for a player in his or her correct age group the following will be offered by the Club:

- the opportunity to play in a team in a higher age group **only** if there is a place available and the player is assessed to meet the required skill level for that team
- if a place cannot be found the Club will provide a full refund of Registration Fees.

In the event that a team is forced to withdraw, the club will consult with all players concerned and will attempt to place them in suitable teams within the Club or assist them to find places in other clubs.

Registration Fees

Registration fees, inclusive of the Club, FFA and Football West charges, will be determined by the Committee and published prior to the Registration period. Discounts, determined by the Committee, may be available where a player has a sibling(s) playing with the Club. The Committee recognises that from time to time, families may experience financial difficulties and may consider payment plans on an individual basis.

Registration Fees - Late Registrations

Players joining the Club after round 10 of the season's competition may be offered a discount as determined by the Committee. Note: Football West/FFA do not provide discount on their portion of the fees for late registrations.

Registration Fees - Refunds

Pro-rata refund of Registration Fees will only be considered by the Committee if requested in writing prior to week 6 of the season. Requests for refunds after this time will not be considered. Where refunds are approved, amounts will be deducted from Registration Fees as follows:

- the portion of the Registration Fees paid to Football West/FFA - only refundable in certain circumstances (see Football West registration policy)
- an administration fee of \$20.00.
- sibling discount if applicable

Players de-registered by the Club in accordance with this policy, (see below), shall not be entitled to any refund of fees paid.

Deregistration of a Player

The Club reserves the right to De-register a Player

- if the Player remains un-financial or partly un-financial from the current season
- if the Player and/or the Parent fails to comply with the Codes of Behaviour published on the Club web site.
- Any other reason as agreed by the Committee

The decision of the Committee to De-register a Player may be appealed in writing within 7 days following Player notification.
